

## The AmeriGlide Bathtub Walk-In Conversion Kit

**WORKS WITH ALMOST ALL TUBS**

---

Seniors have now been given the tool that will allow them to stay in their home for the rest of their lives.

---

# No plumbing changes! No permits necessary!

This simple conversion is saving people thousands of dollars in remodeling costs.

**Your Current Tub**

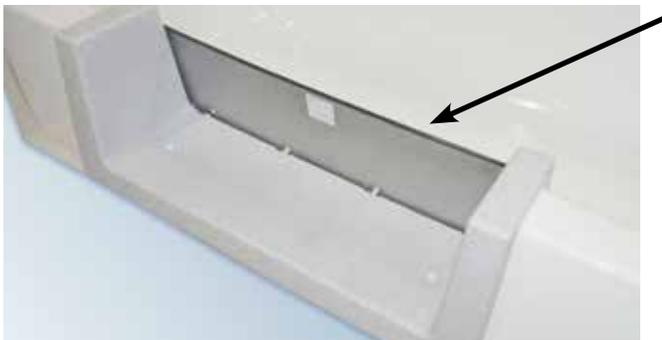

**Your Current Tub  
Converted To A Roll-In Tub**

## Benefits and Safety Features:

- Non-Skid Footing
- Wide 24" Opening
- No Hinged or Swinging Door For an Unobstructive Access
- Easy to Clean
- Installed in Just 1 Day
- Affordably Priced

You can reduce the danger of Mom and Dad falling over the edge of their tub! Safe Bathtub specialists will cut out a section of your tub wall to create a safe and easy step-through. The wide 24" opening allows a walker to pass through and maintains unobstructed access for safe bathing.

The AmeriGlide Bathtub Walk-In Conversion kit comes with an easy-to-place lightweight, watertight panel that allows you to fill the tub with water and treat your houseguests to a luxurious bubble bath. The lightweight panel can be stored in an out-of-the-way place, maintaining an open, unobstructed pathway in and out of the bathtub. The option of positioning the watertight panel for bathing maintains the value of your home complete with full bath features.
